Amazon.com: Nazism and War (Modern Library Chronicles ... Richard Bessel's "Nazism and War" is fantastic survey of the ideology and practice of Nazi racial war and empire building. Much of Bessel's work consists of thoroughly investigative monographs, but Nazism and War will appeal to both casual readers and specialists alike. Nazism and War by Richard Bessel - Goodreads The book is made of four essays that trace, in turn, the development of Nazism following the First World War, the sudden growth of the ideology and its rapid and unfaltering advancement toward war, the brutal and bloody cost of Nazism in the course of the Second World War, and finally the aftermath of the war, especially in Germany. Nazism and War by Richard Bessel, Paperback | Barnes & Noble® Nazism & War is an excellent discussion of the Nazi rational for starting & continuing this terrible war-the defining event of the 20th century. From the end of WWI in 1918 to the start of hostilities in 1940, Nazis machinery & propaganda propelled this horrendous struggle to the bitter end of Germany and the country the Germans knew.

Excerpts from: Bessel, Richard. (2004). Nazism and War ... If there was a distillation of Nazism, it lay in the senseless destruction of human life during the final months of the war. In the end, all Nazism had to offer was war and destruction, war without end or an end through war. NAZISM AND WAR by Richard Bessel | Kirkus Reviews "Nazism was inseparable from war": not a novel thesis, but brightly defended here. From the start, Adolf Hitler and his "band of political gangsters, inspired by a crude racist ideology," made no secret of their desire to go to war. Amazon.com: Customer reviews: Nazism And War "Nazism and War" is a really good introduction of Nazi ideological beginnings, its impact on Germany and its war making ability. What I learned from this book (while not a complete neophyte of German/WW2 history): 1. War was the basic element of Nazism. Not just for territorial conquest, but of racial superiority and annihilation.

Nazism and War - Richard Bessel - Google Books An incendiary work of scholarship arguing that racism was the driving force behind Nazism, rather than a by-product of it"essential reading in an age of renewed fears of bigotry, tyranny, and fascism.
